

Dear Valued Customer,

It is our great pleasure to announce that we have joined the Quaint Oak Bank “Family of Companies” as of August 1, 2016. On that date, Quaint Oak Insurance Agency, LLC acquired the book of business, location and staff of Signature, providing the same service and experienced staff and agents our customers have come to expect.

We decided to seek this opportunity because it will allow us to provide a wider array of Insurance and Financial services to you while expanding our servicing staff for the benefit of our customers. While this event marks an exciting endeavor for us, we are confident that the transition will be seamless for our customers because:

- You will continue to work with our same staff, as all employees will remain in their current roles.
- Your current services will continue to be offered by the combined firm.
- Our contact information will remain the same.

After an extensive search within our region, we selected Quaint Oak Bank for the similar values we share. Quaint Oak Bank exceeded our hopes and will continue to provide excellent service, deep expertise and an environment our customers and associates want to be a part of through its subsidiary, Quaint Oak Insurance. It is my pleasure to introduce the President and CEO of Quaint Oak Bank, Robert T. Strong, who comments:

*“It is with great enthusiasm that we formally announce this transaction between our firms. Signature has amassed an impressive reputation in the region and among its customer base. We look forward to upholding, and building upon, the values and exceptional service that initially caught my eye, and ultimately, led us here today. Thank you for your steadfast loyalty to Signature and welcome to Quaint Oak Insurance.”*

If you have any questions about this exciting news and what it will mean for you, please contact either me or Jen at 215.345.0962. We look forward to introducing you to our new Team Members.

Thank you for giving us the opportunity to continue to provide you with insurance coverage and service. We are confident that our new affiliation will be mutually beneficial.

Sincerely,

Thomas A. Kantner
